The DECT Award Winners 2018/19 Announced

Bern/Nuremberg, February 26, 2019. The DECT Forum is delighted to announce the winners of the DECT Award 2018/19. The Award winners have been selected by a prestigious jury and were presented at the openD Launch Conference in Nuremberg, hosted by Fraunhofer Institute. Congratulations to the winners:

DECT Award Innovation

Ceotronics, CT-DECT Multi (Winner)

SGW Global, Motorola AXH1 Wireless Home Telephone with Alexa Built-in (Winner)

Sennheiser, SDW 5000 Series (Runner-up)

Dosch&Amand, DA1432 DECT indePendant (Highly commended)

„On behalf of the DECT Forum and the entire industry I would like to congratulate all winners of the 2018/19 DECT Award. The impressive quality of applications for this competition shows strong commitment of the industry and proves its powerful creativity and strong innovation in all categories“, says Andreas Zipp, Chairman of the DECT Forum.

„I would like to most sincerely thank the Award’s jury for their decisions“, says Ruth Wilson, Chair Marketing Working Group. Jury members Juergen Hupp (Fraunhofer IIS) and Torsten Klie (FAU Nuremberg-Erlangen) were in particular challenged by the variety of praiseworthy products.”

The winner products will be presented at Embedded World 2019 – DECT Forum booth 511 in hall 4A. Please visit us in Nuremberg (February 26-28).
